

## Junior Naturalist Scavenger Hunt

Kids and their parents can complete a scavenger hunt form and earn a Junior Naturalist prize by answering questions at the eight nature stations listed below. Pick up the form at an entrance or at the ANS Tent (A).

## FUN WITH NATURE ACTIVITIES!

### Station 1 Streaming Along

Get to know some cool stream bugs. Find out about local stream monitoring efforts. Learn why stream bugs like to be “all wet” and why they’re important to stream health.

### Station 2 Compost Critters

Take a closer, hands-on look at the amazing creepy crawlies that turn our trash into rich soil. Explore our compost bins and take home a special compost treat for your garden!

### Station 3 Marvelous Mammals

Visit this “hair-raising” station to learn about the unique characteristics of mammals. Touch real mammal pelts and try our camouflage matching game.

### Station 4 The Power of Pollen

These tiny grains look like space aliens, make us sneeze all spring, and can solve crime. Come investigate pollen and make art from fruits and vegetables.

### Station 5 Birds ‘n Beaks

Fly over to the bird station and learn about local backyard birds and their beak adaptations. Take a family bird walk at **11:30 am, 1:30 pm, 2:30 pm, or 3:30 pm**. Join an adult bird walk at **12:30 pm**.

### Station 6 Slimy & Scaly

Slither over and learn more about cold-blooded critters. Discover the differences and similarities between reptiles and amphibians. Meet a surprise reptile at **12:00 pm, 2:00 pm, and 4:00 pm**.

### Station 7 Pond Plunking

Take a dip in our pond -- with a net, that is! Catch and release dragonflies, backswimmers, and other pond creatures. We'll have make 'n take pond crafts too!

### Station 8 GreenKids

Let a *GreenKids* student be your guide, and see what Montgomery County Public School students are learning about the environment through the *GreenKids* program. Take part in hands-on demonstrations and make crafts with natural plant dyes and sunprints.

We hope you enjoyed exploring nature with us! Visit the ANS Tent, click on [www.audubonnaturalist.org](http://www.audubonnaturalist.org), or call 301-652-9188 for more information about ANS and how to become a member.
